

Job Opportunity - Experienced Factory Operative

About

Ackerman are a sub-contract precision sheet metal fabricator. Our components and fabrications are used across the UK, throughout Europe and beyond. Customers tend to be OEMs in fields such as electronics, security, transport, hydraulics, nuclear, plastics as well as medical and construction.

The Job Role:

- Within a well-equipped, clean and modern engineering environment, you will be performing various job roles, some of which will involve the use of varied machinery. Comprehensive machine training and supervision will be provided by our existing friendly skilled technical staff. This position is ideally suited to a person who prefers a variation in their working day.

Main Tasks & Responsibilities:

- Machine operations for drilling, inserting, spot welding & light assemble operations.
- Finishing operations.
- Packing/package operations.
- To ensure that work schedules are followed, and to immediately report issues why this may not be possible.
- To ensure that all machine and personal safety procedures are followed at all times.
- To adhere to all factory health & safety issues together with good housekeeping within your own appointed working area.
- When requested, to make yourself available for overtime when business demands necessitate extra hours to be worked to fulfil customer delivery/schedule dates.

Person knowledge, skills, and personal qualities required.

- Ideally has a proven working experience within mechanical engineering, and has the ability to understand detailed sheet metal drawings.
- Willing and able to work additional hours (overtime) when required.
- Good attention to detail and accuracy.
- A can-do approach to problem solving.
- Good practical ability
- Good attitude towards your own work ethic, and reliable and punctual in your work attendance.
- Good literacy and numeracy skills.
- Good communication skills.

Reporting to:

Production Manager

The Benefits:

- Full-time position with long term potential.
- Exceptional overtime opportunities.
